

VERO GUSTO

BY THE GLASS

We believe that wine is all about sharing and discovering. Our special wine preservation system allows you to enjoy the best that Italy has to offer, by the glass, served in perfect condition.

Our selection of fine wine by the glass will be rotated regularly, so please ask for more information on our current lineup.

Please feel free to browse our extensive menu, which is sorted by region and includes over 20 more Italian wines available to order by the glass. **Please ask to see our full wine list.**

If you'd like to try something new, we'd be only too happy to make a recommendation. Selected wines are also available to takeaway - please ask for more details.
